AND ENVIRONMENTAL SCIENCES

## Introduction to Invasive Plants and Insects

Ohio has very diverse invasive plant and insect populations. In this class we will spend the morning talking plants - highlighting some of the critical ones impacting Ohio natural landscapes and how to deal with them.

In the afternoon we will cover some of the invasive insect and disease issues we are also dealing with. This will include an update on spotted lanternfly and beech leaf disease.

**Class Fee: \$40** Lunch and materials are included in the class fee.
