## Winter Tree ID

Can you identify trees with leaves? What about without leaves? Identifying trees in winter can be a real challenge. This is an advanced class for individuals who are familiar with using a dichotomous key.

This one day workshop is designed to give participants in-depth training and practice on identifying trees without the leaves. The class begins indoors with some introductory identification clues and samples. A guide for identifying trees by fruit and twigs will be utilized for a major portion of the class. The afternoon portion of the class may be outside—weather and time depending.

Class Fee: \$35

### Class Agenda

- 9:30 Introduction to winter tree identification
- 11:00 The “process” - learning to use a key  
Practice time on samples
- 12:00 Lunch
- 1:00 Continue practice time
- 2:30 Wrap-up and adjourn
