

Woodland Stewards Tree Scale Sticks

Order Form

We have updated the tree scale stick for Ohio. We removed the green wood chart and expanded the cords per tree chart. The sticks are available from the Ohio Woodland Stewards program office in Kottman Hall at The Ohio State University in Columbus.

The sticks come packaged 12 sticks per tube at a cost of \$54 (includes shipping and handling). On the order form, a quantity of one (1) tube gets you a dozen sticks. We can only sell to tax exempt status organizations.

Checks for the purchase amount should be made out to **“The Ohio State University”** and be mailed to the address below.
