Leaving A Legacy Through Transition and Estate Planning

10 am – 3:00 pm, Ashland University

Registration: \$45 includes lunch and materials

Do you have a plan for the future of your farm? It can be hard to admit but we are all getting older and need to be thinking about how to transition the farm to the next generation. As you develop your succession or transition plan, there are a myriad of decisions to be made.

This workshop challenges farm families to actively plan for the future of the farm business. Learn how to have crucial conversations about the future and strategies and tools that can help you transfer your farm's ownership, management, and assets to the next generation.

Join Ohio State's **David Marrison, OSU Extension Farm Management Field Specialist** and **Robert Moore, Attorney with the OSU Agricultural & Resource Law Program** for this in-depth workshop.

Saturday – bring your hydrometers to get them tested

Vendors currently registered for Maple Days:

Ohio Maple Producers Association

USDA – NRCS
