AND ENVIRONMENTAL SCIENCES

### **Name That Tree**

by Kathy Smith, OSU Program Director,  
School of Environmental and  
Natural Resources

**Thursday, June 28**

Have a tree that you pass on a regular basis that you always wonder what is that? Own a woodland and want to know exactly what trees you have? Then Name That Tree is the class for you! This one day workshop is designed to give participants in-depth training and practice on identifying trees using leaves and other common characteristics. The class begins indoors with some introductory identification clues and samples that we use to work through a dichotomous key. The afternoon is spent outside practicing!

### **Make a Woods a Home for Wildlife**

by Marne Titchenell, OSU Wildlife  
Program Specialist

**Thursday, July 12**

What makes a woods attractive to wildlife? How do I diversify the wildlife in my woods? The meeting gives participants the top ten tips to make a woods a home for wildlife.

### **Selling Timber**

by Kathy Smith, OSU Program Director,  
School of Environmental and  
Natural Resources

**Thursday, July 26**

Most woodland owners will sell trees out of their woods only once in their lifetime – maybe twice! Make sure that the choice you make is good for you and the woods, both today and into the future. We will cover marketing options and best management practices for the sale.

See each session for cost. Register for the series or individual sessions.

**Lunch provided for Tree ID session only. Note location and time for each session. Preregistration is required. More information can be found at [woodlandstewards.osu.edu](http://woodlandstewards.osu.edu)**
